ERROL PUBLIC LIBRARY REPORT -- 1993

The trustees and staff have many people to thank for a fruitful year at the library. All who donated money, books, and videos; the Wilderness Valley 4-H for filling the window box and for their window-washing day; Meri Tivey for her many hours in preparing and presenting our preschool story hours; and to Fran and Gloria Coffin, Bunny Letarte, and Sally Fournier for donating prizes for our summer reading program.

1993 was another year of growth and goals reached. Circulation has increased from 8,523 in 1992 to 10,610 in 1993, a 19.2% increase. Errol once again has the highest circulation per capita in the state. 232 people are now registered borrowers, approximately 79% of the town's population.

Our 1993 programs were:

- "Ketchup on Your Reading" summer reading program. Twenty children registered, and read a total of 440 books.
- Five special story hours through the summer.
- Candy-making demonstration for all ages.
- International Foods/Healthy Snacks Day.
- Storyteller Joyce Hubbard, who held three storytelling sessions for various ages during Children's Book Week in November.
- Folk musician Douglas Clegg, who performed in the park in August, made possible by a grant from the New Hampshire State Council on the Arts.
- Preschool story hours, headed up by volunteer Meri Tivey, which continue to thrive, with an average of 12 children weekly. (Thank you Santa for his return visit and for reading us his favorite story).

State mandated handicapped accessibility looms ahead as our primary goal for 1994. Melinda Hawkins is applying for LSCA (Library Services and Construction Act) matching grant to help fund this necessary evil.

We look forward to seeing more people use the library -- let us know how we can serve you better.

Respectfully submitted,
Melinda Hawkins, Librarian

REPORT OF THE ERROL POLICE DEPARTMENT - 1993

Dear Citizens of Errol:

This year was another busy year for the police department. Accidents, complaints, domestics, criminal mischief, assisting other departments, message deliveries, and court cases all increase quite a bit. Because of the increase in court cases, more time had to be devoted to investigating and preparing for court cases instead of running radar and patrolling.

I would like to thank Everett Eames for his continued devotion in serving the Town of Errol. He is a good officer. I could always count on him. Thanks also goes out to NH State Police, NH Fish & Game and the Errol Rescue Squad. I would like to thank my wife Gail, for answering the police telephone and volunteering to be the department's dispatcher. I also would like to thank my daughter and wife for being so understanding when it came to cutting a holiday or family event short for emergencies for the last eight years.

Special thanks goes to a man who volunteers his time many times over for this department and other departments of the town. Thanks for everything, Carlton Eames. Also, thanks to all you by-standers who have assisted us in one way or another. It was deeply appreciated.

As most of you are aware, I will not be seeking re-election this year because of personal reasons. I have enjoyed serving the Town of Errol and hope I have made a positive difference.

I hope that this town will continue going forward in seeking another Chief of Police, and not go backwards by eliminating this department. The State Police are overloaded and could not possibly be in Errol at all times. In emergencies, a part-time department can make all the difference in the world when time is critical.

Thank you for allowing me to serve this community.

Sincerely,

Chief Richard L. Boisvert

REPORT OF THE ERROL RESCUE SQUAD - 1993

The Errol Rescue Squad responded to 55 calls for assistance in 1993. A breakdown of these calls follows:

Medical Emergencies	19
Miscellaneous Trauma	12
Automobile Accidents	11
Untimely Deaths	5
Fires	3
Motorcycle Accidents	2
Snowmobile Accidents	2
Gunshot Wounds	1

In the spring of 1992, the Errol Rescue Squad sponsored both a CPR course and a First Responder course held in Errol. As a result of these, our squad has grown to a total of 13 members. We are very thankful that those people took time to be trained and are now volunteering their help. A meeting of the squad is held the last Monday of every month, and anyone trained in emergency medicine who would like to volunteer is welcome to attend.

At the present time we still have only 2 members with ambulance licenses. We are working on acquiring rescue attendant licenses for our First Responder members.

We look forward to 1994 and expect that it will be a busy year in several ways. Both our EMT-A's will require refresher courses and relicensing this year. We must also work on meeting new safety requirements that are now put out by OSHA in regards to ambulance volunteers.

We would like to thank the many people who have given assistance and support to us in the past year: the Errol Police Department, the Errol Fire Department, Francis and Gloria Coffin for their Christmas stocking fundraiser, our families and friends, the bystanders who are often pressed into service, and everyone who has contributed either in donations or time. Our efforts would be much harder without these people.

TRANSMITTAL AND COMMENTARY LETTER

Board of Selectmen
Town of Errol
Errol, New Hampshire 03579

Members of the Board:

In planning and performing our audit of the financial statements of the Town of Errol, New Hampshire for the year ended December 31, 1992 we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance of the internal control structure.

However, during our audit we became aware of the following conditions that should be corrected in order to strengthen internal controls and operating efficiency. This letter does not affect our report dated July 21, 1993 on the financial statements of the Town of Errol, New Hampshire.

Our following remarks are being made in hope that they will improve existing procedures and are in no way a criticism of Town personnel.

1) Computer Generated Financial Statements

1992 was the first year the Town generated financial statements utilizing their computer. We noted during our audit that there were some areas of the computer accounting system that need improvement.

- a. Revenues and expenses for the Water and Sewer Funds were consolidated into the General Fund's Income statement. They should be treated as separate funds.
- b. Errors noted in account classification of income and expense.

Recommendation

The computer system is capable of maintaining financial reporting by fund type with a simple revision of the chart of accounts. We would be happy to assist you in updating your chart of accounts in order to generate meaningful financial statements by fund type, thus enabling the Town management to make proper business decisions with adequate financial data in a timely fashion. The input and classification should be more carefully handled to produce accurate financial statements.

2) Custody of Trust Fund and Capital Reserve Fund

Presently the Town Treasurer has custody of the Trust Funds and Capital Reserve Funds.

Recommendation

Under RSA 35:10, the Trustees of Trust should have custody of all Capital Reserve Funds of the Town, as well as Capital Reserve Funds of the School District.

3) Annual Trust Report Submitted to the State

The annual Trust Report submitted to the State had errors in the following areas.

- a. The principal amount of the nonexpendable Trust Funds were not accurately accounted for.
- b. The records of the Capital Reserve Fund for the school building were not correct.

Recommendation

The principal portion of nonexpendable Trust Funds should be accounted for separately from the income portion, since nonexpendable Trust Funds must preserve the principal and expend the income portion only.

The Trustee's of the Trust Funds should be responsible for accurate record keeping of all Trust Funds as well as Capital Reserve funds for the School District.

4) Tax Collector

During the course of our audit of the Tax Collector's records, we noted that some abatements were not properly approved by the Selectmen.

Recommendation

The Tax Collector must wait for approved and signed abatements before posting them to the computer.

5) Bookkeeping for the Library Fund Inadequate

Bank statements for the library checking account were being reconciled to the middle of the month. The library disbursements ledger did not add across. Invoices were not cancelled when paid and several invoices could not be located. The 1992 disbursements ledger included some payments made in January of 1993.

Recommendation

- a. The disbursements ledger should be added both down and across and the balance per the ledger should be tied to the balance per the bank reconciliation at the end of every month.
- b. No checks should be written without adequate backup documentation and all invoices should be cancelled when paid.
- c. The Books should be closed on a timely basis. Any current year's bills paid subsequent to year end should be included in accounts payable.

We extend our thanks to the officials and employees of the Town for their assistance during the course of our audit.

Very truly yours,

Kyeong Whan Kim, C.P.A.

MESSAGE FROM YOUR BOARD OF SELECTMEN

Dear Townspeople of Errol,

Once again, this has been a very busy year for your Board of Selectmen. The Board truly feels that they have had a productive year in completing some major projects.

As of October 2, 1993, the Town of Errol has been recycling in the new Transfer Station, and the old dump has been closed as much as possible at this time. There have been no serious problems with this transition. Our compacted trash goes to the James River Landfill, and the recyclables go to AVRDD (Androscoggin Valley Regional Refuse Disposal District). So far, we have had no complaints from either place. There is still work to be done at the Transfer Station, presently, the Selectmen are awaiting approval from DES (Department of Environmental Services) on our Phase I report which will allow us to put in our four (4) monitoring wells. These wells are to make certain that the old dump is not contaminating any waters. After the wells are put in, we will have to do a Phase II report, which will tell us if we need to put in air vents and a liner in the old section of the dump. As you can see, we still need to raise money for the Capital Reserve Fund for the unexpected. We would like to inform you that an agreement has been made with the unincorporated towns. They have picked up 1/3 of the closing costs and will remain responsible for 1/3 of the operating costs of the Transfer Station.

The Selectmen have overseen the completion of the sidewalk construction. The new sidewalk starts at the Hall's residence, and ends at the School, with the Town Hall and Library parking areas paved. The sidewalk from the School to Eames Garage will be done in 1996 after the Bridge construction on Route 26 is completed. The State notified us that they would be tearing up the sidewalk during construction, and they will replace the rest of our sidewalk when they finish.

The Selectmen are working on getting the Town Hall and offices handicap accessible. In their efforts, a survey was sent to all legal voters of Errol. 56 surveys were returned, of the 236 that were sent out. A public hearing was held on January 24, 1994 where the results of the survey were discussed. Options and quotes on how to handicap access the Town Hall and offices were presented. The result of this hearing are in the Warrant Article. Please understand, that if by January 26, 1995, we are not handicap accessible, the town could possibly be faced with fines or even a lawsuit.

In December of 1993, the Town put out for bid to hire an engineer to conduct a feasibility study. This is being funded by a State Grant, on the Town's current Sewer System. Provan & Lorber presented their study at a public hearing held January 18, 1993 to go over their findings, and to finalize paperwork on applying for a Community Development Block Grant (CDBG) for expanding the Town's Sewer System. Deadline for application was January 31, 1994. We should hear the results some time around May of 1994. If the Town receives money for expanding the current Sewer System, most of the buildings on Route 26 in town will be able to hook into the system. This has been requested by many townspeople.

The Enhanced 911 System is still in the early stages but the Selectmen hope to receive something concrete by summer.

The Selectmen also have hired a forester to look over the town's woodlots, and help with the stewardship plan. Our forester cruised the School woodlot and estimated the amount that should be cut every five (5) years. He received bids by mail, discussed them with the Board and a decision was made. Cutting of the lot began in January and the Selectmen hope for a very productive outcome. The proceeds of this job will be given to the Errol Consolidated School.

By now, most of you are probably aware of the fact that the Town presently does not have a Police Chief. Because this is an elected position, the applicants we have received have been presented to you along with their qualifications. Please use your best judgement in your selection. We would like to thank Richard Boisvert for all his hard work in the past years and wish him the best of luck in his new position.

The Board hopes to see Carlton Eames be re-elected for another term. His efforts have been a great help to the Board.

Sincerely,

Town of Errol

REPORT
OF THE
SUPERINTENDENT OF SCHOOLS

TO THE CITIZENS OF THE ERROL SCHOOL DISTRICT:

It gives me a great deal of pleasure to make my second report to you as Superintendent of Schools. The last year has seen some growth in the programs at the Errol Consolidated School while maintaining our traditional community activities. It is refreshing to work in this school district where quality education is supported by such hard-working and dedicated people.

Tuition Rates: The tuition rates for 1994-1995 have changed slightly:

	<u>1993-94</u>	<u>1994-95</u>
Berlin High School	\$4,714.	\$4,878.
Bethel Regional	\$4,900.	\$4,596.
Colebrook High School	\$6,085.	\$6,500.
Gorham High School	\$5,997.	\$6,385.

Personnel: The Errol Consolidated School lost one of its most dedicated people with the retirement of Hartley Sweatt. Hartley was always "on call" and ready to help when something was needed at the school. We miss him!

Proposed Budget: The proposed budget for 1994-1995 reflects an increase of \$657. Unfortunately, this small increase is coupled with a decrease in tuition revenue which results in the need to raise an additional \$2,986. through taxes.

In closing, I would like to urge you to continue your support of a high quality of educational opportunity for our children. With your support, the Errol Consolidated School and the children that it serves will continue to make this area both economically and socially an outstanding place to live.

Respectfully submitted,

Daniel J. Whitaker

ERROL CONSOLIDATED SCHOOL

ERROL, NEW HAMPSHIRE 03579

OFFICE OF THE PRINCIPAL
1-603-482-3341

Dear Citizens of Errol:

March 1, 1994

Presently our school has an enrollment of forty eight students. The largest concentration of students, twelve, being in the kindergarten. Two of our students come from Wentworth Location, and six come from Magalloway Plantation, forty two are from the town of Errol.

Our staff consists of three full time classroom and one part time special needs teacher. We are visited once a week by various specialists: a gym, art, media, and music teacher. Our support staff includes a part time nurse, cook, and library aide. We have three teacher aides, one of which has been hired, and payed for by Coos County for one of our special needs students.

In addition to our regular curriculum we offer many educational experiences beyond the classroom. We have been visited by The Montshire Museum, PSNH, Department of Safety, musicians and storytellers. We have visited Heritage Museum, the AMC, and are planning a trip to Mt. Washington. Our children receive ski lessons at the Balsam Wilderness. Many of our programs are supported by our parent organization, The Errol School Association. In addition, we now have parent volunteers helping out in our school.

One of our goals is to prepare our students to meet the challenges of the future. In our efforts to do this we have used grant money to purchase several new computers.

With your help and support we look forward to providing continued quality education to the children of Errol.

Respectfully submitted,

Ellen Stephens

March 11, 1993

The Moderator, Mona Douglass, opened the polls at 3:00 p.m. by reading Article 1 and 2 of the Warrant as follows:

Article 1: To choose a member of the school board for the ensuing two (2) years (By ballot).

Article 2: To choose a member of the school board for the ensuing three (3) years (By ballot).

The polls were open until the close of the business meeting at which time ballots were counted immediately. Those counting were Mona Douglass, Moderator, Mary McLeod, Supervisor of the Checklist, and Betty Leduc, Ballot Clerk. The business portion of the school meeting began at 7:30. A motion was made by Ella Eames and seconded by Wanda Garrow that the first reading of the warrant be dispensed with. Voice vote was in the affirmative and the Moderator proceeded with Article 3.

Voting results on Articles 1 and 2 are as follows:

Article 1: To choose a member of the school board for the ensuing two (2) years (By ballot).

School Board ballot results: Virginia Thibodeau 26, Robert Lord 1. Virginia Thibodeau was declared elected School Board member for two years.

Article 2: To choose a member of the school board for the ensuing three (3) years (By ballot).

School Board ballot results: Norman Eames 27, Carol Norman 1, Mike Moody 1. Norman Eames was declared elected School Board member for three years.

Article 3: To see if the District will vote to accept the reports of agents, auditors, committees and officers heretofore chosen, as printed in the annual report.

A motion was made by Chip Bean and seconded by Wayne Garrow that Article 3 be accepted as read. There being no discussion, the Moderator called for a voice vote. Voice vote was in the affirmative and Article 3 was declared passed.

Article 4: To see if the District will vote to continue its participation in the Cooperative School District Study among the districts of Dummer, Errol, Gorham,

ERROL SCHOOL DISTRICT MEETING - March 11, 1993

Milan, Randolph, and Shelburne said study to commit Errol to sending high school students to Gorham.

A motion was made by Wayne Garrow and seconded by Gladys McEwan that Article 4 be accepted as read. Mr. Whitaker explained that this was put on the warrant to see if the interest is still there for this cooperative school. There was much discussion on the cost to Errol and the transportation of our students a greater distance that most of them go now. Mr. Whitaker pointed out that if this article fails in any of the towns, it fails for all and would have to be started again next year.

There being no further discussion the Moderator called for voice vote. Voice vote was in the negative and Article 4 was declared defeated.

Article 5: To see if the District will vote to authorize the school board to make application for and to accept, on behalf of the District, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States government, the State of New Hampshire, private individuals, corporations, or any federal or state agency to expend same for such projects as it may designate.

A motion was made by Wayne Garrow and seconded by Virginia Thibodeau that Article 5 be accepted as read. There being no discussion the Moderator called for the voice vote. Voice vote on Article 5 was in the affirmative and Article 5 was declared passed.

Article 6: To see if the District will vote to raise and appropriate the sum of \$90,348.00 for the payment of high school tuition.

A motion was made by Virginia Thibodeau and seconded by Norman Eames to amend Article 6 to read:

Article 6: To see if the District will vote to raise and appropriate the sum of \$78,178.00 for the payment of high school tuition.

After some discussion on whether certain students were still in school or still living here, Mr. Whitaker stated that these figures were as of tonight. There was one exception but it was decided to keep that tuition in the budget.

The Moderator called for a voice vote on the above amendment to

Article 6. Voice vote was in the affirmative and the amendment to Article 6 was declared passed.

The Moderator then called for a voice vote on amended Article 6. Voice vote was in the affirmative and the amended Article 6 was declared passed.

Article 7: To see if the District will vote to raise and appropriate the sum of \$345,510.00 for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District, said sum to be in addition to sums raised under articles earlier in this warrant.

A motion was made by Norman Eames and seconded by Gladys McEwan that Article 7 be accepted as read. There was much discussion on the breakdown of salaries for special education. Mr. Whitaker stated that about 1/2 will be paid by the Coos County for those students from unincorporated towns.

There being no further discussion, the Moderator called for a voice vote on Article 7. Voice vote was in the affirmative and Article 7 was declared passed.

Article 8: To transact any other business which may legally come before this meeting.

A motion was made by Betty Leduc and seconded by Cecile Peabody that the teachers salaries be published in the town report. Voice vote was in the affirmative and the motion was declared passed.

The subject was brought up regarding a kindergarten student staying in school for the entire day as opposed to the 1/2 day that is delegated for kindergarten. This agreement was reached between the school board and the Principal that this be allowed. There was much objection to this practice. It was felt by many that if one child is allowed to stay that other children should be given the same opportunity if desired. After much discussion on the fairness, etc. regarding this, an advisory motion was made by Bob Lord and seconded by Betty Leduc that

"the town approve 1/2 day kindergarten with no discrimination against anyone".

After some discussion on the wording of this motion it was moved by Betty Leduc and seconded by Gladys McEwan that the motion be amended to read:

ERROL SCHOOL DISTRICT MEETING - March 11, 1993

"the town approve 1/2 day kindergarten with no exceptions for any student".

Voice vote was in the affirmative and the amendment was declared passed. Voice vote on the amended advisory motion was in the affirmative and the amended advisory motion was declared passed

A motion was made by Ella Eames and seconded by Claudette Eames that the meeting be adjourned. Voice vote was in the affirmative and the meeting was declared adjourned at 8:55 p.m.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Errol School District
Errol, New Hampshire

We have audited the accompanying general purpose financial statements of the Errol School District as of and for the year ended June 30, 1993, as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Errol School District as of June 30, 1993, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Errol School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.
